Dear Angèle and Leges,

Thank you both for providing a wonderful accommodation at Chez Angèle. This is our second stay here, and our third on Île de la Madeleine! 2000, 2013 and 2017, and we will return yet again in the future!

We thoroughly enjoy your beautiful, your very beautiful files! You are very gracious hostess and host!

We will also think of you each time we go into our living room, as we are taking Arthur's "Sarah" (Le Châneau) home with us to live !!

Stay happy and healthy in the future!

Sincerely,

Gordon and Dawn Whitehead

We have visited all parts of the island and We are more than happy to have booked "Chez Angèle". This place is a gem and situated in the perfect location and central to all. Ideal for 2 families. Beautifully decorated inside, exceptionally clean and there is everything that you would wish to have in the house. IGA is just walking distance away.

Léger and Angèle were the perfect host, and make it a must to ensure that we enjoy our stay. There is even a backyard with a garden that our host graciously offered us to pick up raspberries, potatoes, beans. Léger helped us to become Pros in clams digging. This is a family adventure you simply cannot miss.

Will definitely book this place again, when we visit the island.
